Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-6, drawn to a composition.

Group II, claim(s) 7 and 8, drawn to a method of making a composition.

2. The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the technical feature common to the groups is Dead Sea water as it is defined at page 6, lines 12-22 of the instant specification. US 5,679,378 (378) discloses the use of Dead sea mud diluted with water and/or the addition of water obtained from the Dead Sea to the Dead Sea mud for use in topical compositions. US 4,943,432 (432) discloses the use of topical compositions containing an ionic concentration of salts equivalent to that found in Dead Sea water without the impurities. Because the prior art teaches Dead Sea water in topical compositions, it cannot be considered a special technical feature that would distinguish over the prior art. The claims cannot be considered to contain a single inventive concept.

Art Unit: 1619

3. A telephone call was made to Daniel Shulman on August 6, 2001 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
